8/4/2019	Dottie Driscoll	Grandi From Brantley to Carrasco	<p>Pot holes and road signs: In over year I have had to put a lot of money into car repair. Being on a fixed income I can't afford. Besides the repairs there is the fear of being in an accident or a rock being thrown from a 18 wheeler throwing a rock from hitting a pot hole in front of my house. (which has happened with a rock hitting the steps) And God for bid a accident. There are places that a 18 wheeler and a car can't get by at the same time.( the ditch in front of my house) It's not just Carrasco it's Grandi ( Carrasco- Brantley). The street signs have been down Porter and Carrsco and Grandi and Carrasco. I am having repairs on the inside of my house since November and all the people can't find my place. I have photos just from Porter going west to my house 20 pictures and it's to big to down load.</p>	8/12/2019	Signs Completed 8/12/19. Potholes fix during Blitz
